DESCRIPTION ARSENAL AND SOUND UNIVERSE

Our studio is equipped with **the most prestigious tools and the most iconic audio plugins, as well as the most advanced**, to recreate with the utmost fidelity any type of production, both vintage and contemporary.

If we add to that the **most prestigious, complete and innovative virtual libraries and instruments** on the market, our studio becomes a real musical arsenal, always up to date to offer **an innovative and varied sound palette** of the highest quality.

Capable of ranging from **acoustic to advanced orchestral production for film, television or video games**; from minimalist **electronic production to the best dance, pop or rock hits**.

We are even prepared to recreate musical productions at the level of the best series from Netflix, **Prime Amazon, Apple TV, Disney or HBO** such as 'The Mandalorian', 'Sylo', '3 Body Problem', 'Westworld', 'The Last of Us', 'Severance', 'Passenger' (film) among many others. **Imagination is the limit.**
